TECHNOLOGIES

Frameworks

▸ React.js
▸ Node.js
▸ Vue.js
▸ Express.js

Languages

▸ JavaScript
▸ HTML5/CSS3
▸ Sass
▸ TypeScript
▸ BootStrap

Tools & Platforms

▸ Git & Github
▸ Bash
▸ React Testing Library

Design

▸ Adobe Photoshop / Adobe illustrator
▸ Figma / Sketch
▸ Wireframing / Prototyping

Database

▸ MongoDB

LANGUAGES

ENGLISH – A+
RUSSIAN – C+

TRAINING PROGRAMS

▸ Tech degree in front end development
▸ Advanced full stack development certificate

HOBBIES

▸ Gaming
▸ Biking
▸ Music

WORK EXPERIENCE

Remote Front End Developer

Codeupset ltd, Remote Kyiv, UA | Jan 2021 - Present

▸ Designed and developed over 4 CRUD Node applications working with mongodb databases and authentication.

▸ Collaborated with a team of 4 developers to develop a payment feature for an ecommerce website which increased clients payment options.

▸ Worked on over 5 react projects features using a wide range of tools including, router-dom, chart.js , REST API, redux and lots more.

▸ Executed several hosting of web applications on different platforms like digital ocean VPS(virtual private server), vercel, heroku, netlify, digital ocean app host.

Front End Developer

Codeupset ltd, Kharkiv, UA | Jan 2018 – Jan 2021

▸ Assisted in the implementation of login session tracking features in a MERN Stack application. Using express session, social media login access and other modules.

▸ Designed the architecture of over 4 applications,starting from wireframing, prototyping and development for production.

▸ Optimized websites for client by reducing image and assets size through compression, Improved readability of code through debugging and testing which helped the website go from a 4.88s to 2.2s load time improvement.

STRENGTHS

▸ Over 2+ years of front end development experience.

▸ Detail oriented

▸ Proficient in react Hooks, Next.js, Node.js and vue.js.

▸ Tech degree in front end development.
